Muhammad Imran

ID: 33100-1005410223-1 | **Date of birth:** 03/03/1996 | **Place of birth:** Layyah, Pakistan |

Nationality: Pakistani | **Gender:** Male | **Phone number:** (+92) 3473418079 (Mobile) | **Email address:** muhammadimranasghar5@gmail.com | **LinkedIn:** https://www.linkedin.com/in/muhammad-imran-asghar-react-js-developer/ |

Whatsapp Messenger: 03473418079 |

Address: Fatehpue city tehsil Karor distric Layyah, Punjab, Pakistan, 31200, Layyah, Pakistan (Home)

ABOUT ME

Frontend Developer with 2+ years of experience building modern, responsive, and high-performance web applications. Specialized in **React, TypeScript, and Next.js**, with a strong focus on **performance, scalability, and user experience**. Experienced in **API integrations**, including RESTful services and third-party APIs, implementing secure data fetching, state management, and error handling.
Proven ability to translate complex requirements into **intuitive, accessible interfaces**, write **type-safe, maintainable code**, and build scalable component architectures. Passionate about frontend best practices, performance optimization, accessibility, and delivering pixel-perfect, SEO-friendly applications.

Next Js
Mongo DB

LANGUAGE SKILLS

Mother tongue(s): **PUNJABI**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
URDU	C2	C2	C2	C2	C2
ENGLISH	C2	C2	B2	B2	C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

Microsoft Excel | Microsoft Office | Git | Web Technologies Fundamentals - HTML, CSS | Mongodb / Mongoose | typeScript | linux command | CICD

PROJECTS

CURRENT
CRM Web Application

I worked on a **large-scale, modular CRM web application** built to help businesses manage **documents, contacts, communication, automation, and workflows** from a single platform. The application is designed to be **scalable, performant, and user-friendly**, supporting a wide range of business use cases.
Built using **React.js**, the platform focuses on delivering a smooth, responsive experience while handling complex data flows and multiple third-party integrations.

Set Meeting and Talk To Us

Built a **fully responsive and animated website using React.js**, designed to deliver a smooth and engaging user experience across devices. Implemented modern UI animations to enhance usability and visual appeal.
The application includes a **meeting scheduling feature**, allowing users to easily select a convenient time to connect with the team. This feature streamlines communication and improves user engagement by providing a seamless booking experience.

Patient Management System – Next.js & React.js

Developed a **full-stack Patient Management System** using **Next.js**, designed to help clinics and healthcare providers **manage patients, medical records, and communication** efficiently. The platform is **fully responsive, secure, and optimized for performance**, delivering a seamless experience across devices
